

quadSKI SAR

GIBBS
SPORTS AMPHIBIANS

When every second counts. The Quadski SAR, a High Speed Amphibian (HSA), transitions between land and water in less than 5 seconds, maximizing every second in life threatening situations. Capable of speeds up to 45 mph on land and water, the Quadski SAR provides stable performance in surf and white water, while seamlessly delivering the rescue team to shore and beyond.

LAND FEATURES

Land speed: Up to 45 mph
